Remitly Reports Third Quarter 2022 Results

Active customers up 49% year over year Send volume up 44% year over year Revenue up 40% year over year Raising 2022 revenue outlook

SEATTLE, WA / November 2, 2022 / GlobeNewswire / - Remitly Global, Inc. (NASDAQ: RELY), a leading digital financial services provider for immigrants and their families in over 170 countries around the world, reported results for the third quarter ended September 30, 2022.

"Remitly's approach over the last decade has been to deliver consistent, predictable, and strong results, which we did again in the third quarter," said Matt Oppenheimer, co-founder and Chief Executive Officer, Remitly. "The foundation of this financial performance is the resilience of our global customers and our teams dedicated to serving them. The combination of repeat customers continuing to send regularly as well as efficiently adding a record number of new customers in the third quarter positions us well for long term growth and value creation, which is why we're raising our 2022 revenue outlook."

Third Quarter 2022 Highlights and Key Operating Data

(All comparisons relative to the third quarter of 2021)

- Active customers increased to 3.8 million, from 2.6 million, up 49%.
- Send volume increased to \$7.5 billion, from \$5.2 billion, up 44%.
- Revenue totaled \$169.3 million, compared to \$121.2 million, up 40%.
- Net loss was \$33.1 million and Adjusted EBITDA was \$(3.7) million.

2022 Financial Outlook

For fiscal year 2022, Remitly currently expects:

- Total revenue in the range of \$635 million to \$640 million, representing a growth rate of 38% to 40% year over year. This outlook reflects an increase from our prior outlook of \$625 million to \$630 million.
- Adjusted EBITDA in the range of \$(35) million to \$(30) million.

Reconciliation of GAAP to Non-GAAP Financial Measures:

A reconciliation of GAAP to non-GAAP financial measures has been provided in the financial statement tables included in this earnings release. An explanation of these measures is also included below under the heading "Non-GAAP Financial Measures." We have not provided a quantitative reconciliation of forecasted Adjusted EBITDA to forecasted GAAP net income (loss) or to forecasted GAAP income (loss) before income taxes within this earnings release because we cannot, without unreasonable effort, calculate certain reconciling items with confidence due to the variability, complexity, and limited visibility of the adjusting items that would be excluded from forecasted Adjusted EBITDA. These items include but are not limited to income taxes and stock-based compensation expense, which are directly impacted by unpredictable fluctuations in the market price of our common stock.

Note: All percentage changes described within this press release are calculated using amounts in the Company's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission (the "SEC"), for which revenue and active customers are presented in thousands and send volume is presented in millions. Rounding differences may occur when individually calculating percentages or totals from rounded amounts included within the press release body as compared to the amounts included with the Company's SEC filings.

Webcast Information

Remitly will host a webcast at 5:00 p.m. Eastern Time on Wednesday, November 2, 2022 to discuss its third quarter 2022 financial results. The live webcast and investor presentation will be accessible on Remitly's website at https://ir.remitly.com/. A webcast replay will be available on our website at https://ir.remitly.com/ following the live event.

We have used, and intend to continue to use, the Investor Relations section of our website at https://ir.remitly.com as a means of disclosing material non-public information and for complying with our disclosure obligations under Regulation FD.

Non-GAAP Financial Measures

Some of the financial information and data contained in this earnings release, such as Adjusted EBITDA and non-GAAP operating expenses, have not been prepared in accordance with United States generally accepted accounting principles ("GAAP").

We regularly review our key business metrics and non-GAAP financial measures to evaluate our performance, identify trends affecting our business, prepare financial projections, and make strategic decisions. We believe that these key business metrics and non-GAAP financial measures provide meaningful supplemental information for management and investors in assessing our historical and future operating performance. Adjusted EBITDA and non-GAAP operating expenses are key output measures used by our management to evaluate our operating performance, inform future operating plans, and make strategic long-term decisions, including those relating to operating expenses and the allocation of internal resources. Remitly believes that the use of Adjusted EBITDA and non-GAAP operating expenses provides additional tools to assess operational performance and trends in, and in comparing Remitly's financial measures with, other similar companies, many of which present similar non-GAAP financial measures to investors. Remitly's non-GAAP financial measures may be different from non-GAAP financial measures used by other companies. The presentation of non-GAAP financial measures is not intended to be considered in isolation or as a substitute for, or superior to, financial measures determined in accordance with GAAP. Because of the limitations of non-GAAP financial measures, you should consider the non-GAAP financial measures presented herein in conjunction with Remitly's financial statements and the related notes thereto. Please refer to the non-GAAP reconciliations in this press release for a reconciliation of these non-GAAP financial measures to the most comparable financial measure prepared in accordance with GAAP.

We calculate Adjusted EBITDA as net loss adjusted by (i) interest expense, net, (ii) provision for income taxes, (iii) noncash charge of depreciation and amortization, (iv) gains and losses from the remeasurement of foreign currency assets and liabilities into their functional currency, (v) noncash charges associated with our donation of common stock in connection with our Pledge 1% commitment, (vi) noncash stock-based compensation expense, net, and (vii) certain transaction and integration costs associated with acquisitions. We calculate non-GAAP operating expenses adjusted by (i) noncash stock-based compensation expense, net, (ii) noncash charges associated with our donation of common stock in connection with our Pledge 1% commitment, as well as (iii) certain transaction and integration costs associated with acquisitions.

Forward-Looking Statements

This press release Contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact are forward-looking statements. These statements include, but are not limited to, statements regarding our future operating results and financial position, including our fiscal year 2022 financial outlook, including forecasted fiscal year 2022 revenue and Adjusted EBITDA, anticipated future expenses and investments, expectations relating to certain of our key financial and operating metrics, our business strategy and plans, market growth, our market position and potential market opportunities, and our objectives for future operations. The words "believe," "may," "will," "estimate," "potential," "continue," "anticipate," "intend," "expect," "could," "would," "project," "plan," "target," and similar expressions are intended to identify forward-looking statements. Forward-looking statements are based on management's expectations, assumptions, and projections based on information available at the time the statements were made. These forward-looking statements are subject to a number of risks, uncertainties, and assumptions, including risks and uncertainties related to our ability to successfully execute our business and growth strategy, our ability to achieve and maintain future profitability, our ability to further penetrate our existing customer base and expand our customer base in existing and new corridors, our ability to expand into broader financial services, our ability to expand internationally, the effects of seasonal trends on our results of operations, our expectations concerning relationships with third parties, including strategic, banking, and disbursement partners, our ability to obtain, maintain, protect, and enhance our intellectual property and other proprietary rights, our ability to beep data and our technology platform secure, the success of any acquisitions or investments that we make, our ability to obtain, m

predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties, and assumptions, our actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. Further information on risks that could cause actual results to differ materially from forecasted results are included in our quarterly report on Form 10-Q for the quarter ended September 30, 2022 to be filed with the SEC, and within our annual report on Form 10-K for the year ended December 31, 2021 filed with the SEC, which are or will be available to our website at https://ir.emitly.com and on the SEC's website at www.sec.gov. Except as required by law, we assume no obligation to update these forward-looking statements, or to update the reasons if actual results differ materially from those anticipated in the forward-looking statements.

About Remitly

Remitly is a leading digital financial services provider for immigrants and their families in over 170 countries around the world. Remitly helps immigrants send money home in a safe, reliable and transparent manner. Its digitally native, cross-border remittance app eliminates the long wait times, complexities and fees typical of traditional remittance processes. Building on its strong foundation, Remitly is expanding its suite of products to further its mission and transform financial services for immigrants all around the world. Founded in 2011, Remitly is headquartered in Seattle and has seven global offices, including London, Cork, Krakow, Singapore, Manila and Managua.

Investor Presentation

Third Quarter 2022 Earnings November 2, 2022

Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact are forward-looking statements. These statements include, but are not limited to, statements regarding our future operating results and financial position, including our fiscal year 2022 financial outlook, including forecasted fiscal year 2022 revenue and Adjusted EBITDA, anticipated future expenses and investments, expectations relating to certain of our key financial and operating metrics, our business strategy and plans, market growth, our market position and potential market opportunities, and our objectives for future operations. The words "believe" "may," "will," "estimate," "potential," "ontiniue," "onticipate," "intend," "expect," "expect," "ould," "would," "project," "plan," "target," and similar expressions are intended to identify forward-looking statements. Forward-looking statements are based on management's expectations, assumptions, and projections based on information available at the time the statements were made. These forward-looking statements are subject to a number of risks, uncertainties, and assumptions, including, without limitation, risks and uncertainties related to: our ability to successfully execute our business and growth strategy, our ability to achieve and maintain future profitability, our ability to further penetrate our existing customer base and expand our customer base in existing and new corridors, our ability to expand into broader financial services, our ability to expand internationally, the effects of seasonal trends on our results of operations, the effects of the COVID-19 pandemic, the current inflationary environment, our expectations concerning relationships with third parties, including strategic, banking and disbursement partners, our ability to obtain, maintain, protect, and enhance our intellectual property and other proprietary rights, our ability to keep data and our technology platform secure, the success of any acquisitions or investments that we make, our ability to compete effectively, our ability to stay in compliance with applicable laws and regulations, our ability to buy foreign currency at generally advantageous rates, and the effects of changes to immigration laws, macroeconomic conditions and geopolitical forces on our customers and business operations. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statement we may make. In light of these risks, uncertainties, and assumptions, our actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. Further information on risks that could cause actual results to differ materially from forecasted results are included in our quarterly report on Form 10-Q for the quarter ended September 30, 2022 to be filed with the SEC, and within our annual report on Form 10-K for the year ended December 31, 2021 filed with the SEC, which are or will be available on our website at https://ir.remitly.com and on the SEC's website at www.sec.gov. In addition, the COVID-19 pandemic and the global economic climate may amplify many of the risks described above and in our filings. The forward-looking statements in this presentation speak only as of the date of this presentation and except as required by law, we assume no obligation to update these forward-looking statements, or to update the reasons if actual results differ materially from those anticipated in the forward-looking statements

A reconciliation of GAAP to non-GAAP financial measures has been provided in the Appendix included in this presentation. An explanation of these measures is also included in the Appendix within this presentation under the heading "Non-GAAP Financial Measures." We have not provided a quantitative reconciliation of forecasted Adjusted EBITDA to forecasted GAAP net income (loss) or to forecasted GAAP income (loss) before income taxes within this presentation because we cannot, without unreasonable effort, calculate certain reconciling items with confidence due to the variability, complexity and limited visibility of the adjusting items that would be excluded from forecasted Adjusted EBITDA. These items include but are not limited to income taxes and stock-based compensation expense, which are directly impacted by unpredictable fluctuations in the market price of our common stock.

3Q Strategic Overview

Matt Oppenheimer

3

November 2022 / © 2022 R

(IPO) TODAY 2.6m → 3.8m **Quarterly Active** Customers **+135** → **+170 Countries Served** ~1,800 -~ ~4,200 Corridors \$21b - \$30b Annualized 3Q Run Rate Send Volume

Significant progress since IPO

Strong execution continued in 3Q 2022

Macro conditions remain volatile but our customers remain resilient

Customer behavior metrics indicate continued resilience

Remitly customer survey in October 2022 shows 9 out of 10 customers expect to send the same amount or more in 2023 versus 2022

Strong US dollar and weaker emerging market currencies are a tailwind for customer activity and new customer acquisition in certain markets

Key Receive Market Trends in 3Q

Mexico

- Vast majority of customers sending money to family for basic household needs
- Total industry remittances to Mexico showed strong growth and reached a record amount in July

Philippines

- Continued shift to mobile wallets as a disbursement preference
- Our digital first approach is resonating with customers

India

- More affluent senders and high transaction sizes
- Depreciation in INR vs USD and other currencies led to increased send volume and strong customer acquisition

November 2022 / © 2022 Remitty Inc.

Progress across investment portfolio will drive strong long-term growth

New customer acquisition

Record new customers in 3Q along with CAC efficiency

Geographical expansion

Remittance product enhancements

Peace of mind enhancements and platform reliability

Complementary new products

7 November 2022 / © 2022 Remitly Inc.

Customer acquisition efficiencies continued in 3Q

Note: "Customer Acquisition Cost" or "CAC" refers to direct marketing expenses deployed to acquire new customers. Direct marketing expenses exclude experimental spend used to test new marketing channels, creative production expenses, endorser costs, customer research expenses, agency fees, personnel costs, or other fixed operating expenses that support the marketing team. The calculation of this metric may differ from other similarly that metrics.

Long-term vision of complementary new products

Complementary new products will...

- ... drive value for remittance customers and grow our remittance platform
- ... deepen relationships with our customers
- ... enhance value of the Remitly ecosystem
- ... drive more efficient customer acquisition
- ... become a platform for offering additional products

Why We Win

- 1. Trusted brand focused on immigrants and their families
- 2. Highly targeted and effective marketing approaches
- 3. More than 3.8M active customers
- 4. Mobile-centric platform
- 5. High-quality global network
- 6. Deep customer insights
- 7. Strong compliance/fraud infrastructure

To transform the lives of immigrants and their families by providing the most trusted financial services on the planet.

3Q Financial Results

Hemanth Munipalli

Non-GAAP Measures

Some of the financial information and data contained in this presentation, such as Adjusted EBITDA and non-GAAP operating expenses, have not been prepared in accordance with United States generally accepted accounting principles ("GAAP").

We regularly review our key business metrics and non-GAAP financial measures to evaluate our performance, identify trends affecting our business, prepare financial projections, and make strategic decisions. We believe that these key business metrics and non-GAAP financial measures provide meaningful supplemental information for management and investors in assessing our historical and future operating performance. Adjusted EBITDA and non-GAAP operating expenses are key output measures used by our management to evaluate our operating performance, inform future operating plans, and make strategic long-term decisions, including those relating to operating expenses and the allocation of internal resources. Remitly believes that the use of Adjusted EBITDA and non-GAAP operating expenses provides additional tools to assess operational performance and trends in, and in comparing Remitly's financial measures with, other similar companies, many of which present similar non-GAAP financial measures to investors. Remitly's non-GAAP financial measures may be different from non-GAAP financial measures used by other companies. The presentation of non-GAAP financial measures is not intended to be considered in isolation or as a substitute for, or superior to, financial measures determined in accordance with GAAP. Because of the limitations of non-GAAP financial measures, you should consider the non-GAAP financial measures presented herein in conjunction with Remitly's financial statements and the related notes thereto. Please refer to the non-GAAP reconciliations in this presentation for a reconciliation of these non-GAAP financial measures to the most comparable financial measure prepared in accordance with GAAP.

We calculate Adjusted EBITDA as net loss adjusted by (i) interest expense, net, (ii) provision for income taxes, (iii) noncash charge of depreciation and amortization, (iv) gains and losses from the remeasurement of foreign currency assets and liabilities into their functional currency, (v) noncash charges associated with our donation of common stock in connection with our Pledge 1% commitment, (vi) noncash stock-based compensation expense, net, and (vii) certain transaction and integration costs associated with acquisitions. We calculate non-GAAP operating expenses as our GAAP operating expenses adjusted by (i) noncash stock-based compensation expense, net, (ii) noncash charges associated with our donation of common stock in connection with our Pledge 1% commitment, as well as (iii) certain transaction and integration costs associated with acquisitions.
